ABOUT ME

- Developed a fully customized Wedding platform to manage my upcoming wedding
- Wiz National Spelling Bee, nationally ranked, Ranked 20th at the national competition
- Cold plunged in the middle of a snowstorm in 2025
- Hated math but competed in national abacus competition in Bangalore India
- Competed and won 3rd place in a foreign language story telling competition without know of the language.

EXPERIENCE

Freelancer | Web Developer

June 2022 – Present | Toronto, Ontario

- Led 15+ client projects across branding, web, and digital marketing, owning end-to-end delivery.
- Managed 10+ designers, coordinating scope and feedback to deliver ~90% of projects on time.
- Drove client discovery through launch, resulting in ~40% repeat business.

IDesignTech | Full Stack Developer Intern

June 2025 – August 2025 | Hamilton, Ontario

- Designed and developed UX for a SaaS booking platform where real-time actions (rescheduling, cancellations, approvals) directly impacted availability.
- Created and refined 20+ core user flows informed by analytics insights and stakeholder feedback.
- Owned 4 production-ready features across admin and user-facing dashboards.

SLAY Coffee | Lead Web Developer, Front End

Sept 2023 – April 2024 | Bangalore, India

- Maintained and optimized the company's WordPress website to support marketing campaigns and product launches.
- Improved site UX by fixing design inconsistencies, streamlining product pages, and ensuring responsive performance.
- Monitored website performance using Google Analytics and identified key areas for content and conversion optimization.
